

Thank you Letter to Dearest Dr J M Hans

Dear Dr. Hans,

I wanted to write a thank you. I've been writing it in my head for the last couple of days trying to find a way to do it right and be able to convey to you just how much you have meant to us.

We were the happiest ever, when we were blessed with an angel. Time rolled out quickly and in no time, our little angel had turned a yr old and half. It came as a crude shock to us when we first learnt that our daughter was suffering from profound hearing loss ever since she was born. For that moment, all hell broke loose. It was the most frightening sight a parent can ever face knowing that their child who has been a reason for so much joy in their life have had to live with the limitation of such a magnitude that could cripple anyone's life.

We had got her tests done multiple times with hope that atleast one report could state that our daughter has no hearing problem. But all the reports showed the limitations. To us, there was hardly any road ahead. Till we met you, we saw a ray of hope after you explained to us that our angel can hear like a normal human and can lead a beautiful life. You took great pain to help us understand the procedure before, at the time and after surgery and the time it would all take.

After the surgery, again, you met with us. Putting us at ease and letting us know how everything went. We shook hands all around and said thank you but I knew then and there it wasn't enough. There is no way and no words to properly thank you for all that you have done. You are extraordinary and amazing. An amazing surgeon and an amazing man, your talent both in the operating room and out is a beacon of hope for the future of all your patients.

Please know that my daughter now 3 yrs old is doing very well. She has been attending her therapy sessions on schedules. And with immense pleasure I can tell you that she has already started going to the play school and loves singing and dancing. My family and I owe her recovery to you. We are very grateful for all that you have done for our little angel.

May God always bless you.

Thank you.
